WonderTech Group Activity Instructions

Welcome to the Group Activity Session

This document contains the instructions for your group activity.

Before You Start:

- Ensure you have a stable internet connection

- Check that your camera and microphone are working

- Find a quiet, well-lit space

- Close unnecessary browser tabs for optimal performance

During the Activity:

- Click "Start Group Activity" to begin recording

- Grant permission for camera and microphone access

- Your session will be recorded for quality purposes

- Click "Stop Recording" when you're finished

Privacy & Security:

All recordings are encrypted and stored securely.

Only authorized personnel will have access to your data.

Your privacy is our top priority.
